

Today is the **INTERNATIONAL WORLD DAY OF PEACE**, global solidarity for building a peaceful and sustainable World. This has never been so important at a time of unprecedented challenges. Peace cannot be kept by force. It can only be achieved by UNDERSTANDING, this is one of our aims globally in Inner Wheel. Today we think of those suffering the conflict of war and oppression. Let us join together in HOPE that Peace will soon return for all.

This year's UN theme is **ACTIONS FOR PEACE: OUR AMBITION FOR THE #GLOBALGOALS**. It is a call to action that recognizes our individual and collective responsibility to foster peace. Fostering peace contributes to the realization of the Sustainable Development Goals (SDGs) and achieving the Sustainable Development Goals will create a culture of peace for all. When all have employment, food, shelter, conflicts will be reduced. We need to act individually and collectively to bring peace. ActNow is the United Nations campaign to inspire people to act for the Sustainable Development Goals.

Brighten Lives for the Future - a ceasefire of all conflict around the world for 24 hours certainly would Brighten Lives. Peace seems to be more needed now, around the world there is poverty, devastation and severe loss of life. Climate change is affecting the whole world. We in Inner Wheel must strive to help those in need wherever we can.

Together we CAN **Brighten Lives for the Future.**
